## Apprenticeships (England) | Beauty Therapy, Makeup and Nails

Apprenticeships aim to develop the professional knowledge, skills and behaviour required for a specific job role. Learners will learn both theory and practical knowledge that will create the foundation for their career. It is important to know there are three stages of the Apprenticeship Standard, which are known as 1) On-Programme, 2) Gateway and 3) End-point Assessment. The qualifications BT2D16, BT2D17 and BT2D18 cannot be taken outside of the Apprenticeship Standard.

# Training, Assessment and Quality Assurance

At VTCT, we are committed to ensuring the quality of the teaching our learners receive is second to none.

Therefore, we see it as imperative for us to offer a variety of qualifications to 'train the trainer' through Assessor and Internal Quality Assurance qualifications. Additionally, we offer opportunities for further learning in subjects such as Internet Safety and Environmental Sustainability.

We are committed to equipping learners to be skilled for life and supporting them to never stop learning. These qualifications help learners to pass on their knowledge in a productive and inspiring way or to educate others on an area they are passionate about and have specialist knowledge in.

# Welsh Qualifications

Alongside our large offering of qualifications, some of our qualifications are also available in Welsh for those who are fluent speakers.

To increase the number of Welsh speakers to one million by 2050, the Welsh Assembly proposed integrating the Welsh language into work-based learning and support the everyday use of Welsh on the job.

We are proud to embrace this goal and offer you a selection of our qualifications in the language.

# Service Fees and Annual Fees

An annual approval fee of £850 is charged per annum, billed in August.

EPA-only centres, centres with an annual spend in the previous year above £10,000, and centres in their first year of approval are exempt from this fee.

For centres defined as schools by the Education Act 1997 delivering secondary education to learners aged 14 to 18, the annual fee is £350.

Additionally, there is a minimum cohort fee of £600 for centres offering Level 4 & 5 Beauty Aesthetic qualifications.

If the minimum fee is not met by the number of students being examined, the difference will be invoiced to meet the £600 value.

# Unit Fees

## Unit Fees

In addition to our complete portfolio of world-class qualifications, VTCT offers the opportunity to purchase individual units from certain qualifications.

The purpose of our individual units is to allow learners to supplement knowledge or demonstrate achievement of specific skills. These units can be added on to other qualifications.

Credit value is used to determine the prices for individual units. If a unit has no credit value assigned to it, Guided Learning Hours (GLH) are used to determine price.

VTCT unit books can be purchased through our Digital Store Front and a link to this site can be found through Linx2Product.

# Pivot Point LAB Fees

LAB is a complete online learning system that will help you enhance the delivery of iTEC and VTCT Level 2 and 3 Hairdressing and Barbering qualifications and Level 2 and 3 Beauty Therapy qualifications, as well as assist in daily administrative tasks.

LAB has been optimised to support the ever-changing requirements of administrators, educators, and learners both in and out of the classroom. It has been proven to boost learner attainment. Figures show that 81% of learners who achieve a Distinction grade use LAB and twice as many Merit grades are achieved by learners using LAB.

Tutors can use LAB to deliver Pivot Point resources which are designed to accommodate different learning styles and add their personally-developed library of resources. This allows the best of both worlds, which will create a dynamic and diverse collection of teaching tools.

Tutors can organise educational content to support their schemes of work through customised learning paths, in a virtually paper-free environment. When doing so, there is full accessibility to all teaching and learning resources in the same sequence you present them. LAB also tracks learners’ progress through built-in formative assessments and reporting features.

Our LAB Packages include complementary Educator Licences. Pricing is tiered to give you flexibility.
